

INTRODUCING ITSSMS GATEWAY

A new features / solution from itsalahkar.com

Your Sender ID

ITSSMS Gateway offers you multiple sender ID.

You can set the "from" field of the message with 11 Alpha numeric characters. This will display as the sender address, which will replace the "from" number that is typically displayed when a message arrives on a mobile. Recipients will not be able to REPLY such SMS. Gateway's Mobile No. will be displayed to CDMA recipients, as CDMA technology do not support Alpha numeric Sender ID.

Send SMS Quick

Delivery Report

Message scheduler

Secure Phonebook Database

Bulk SMS Messaging

Send Lakhs of SMS in few minutes

Marketing: SMS is widely accepted as new and innovative marketing channel. Immediacy, directness gives it's a edge over others

Corporate: A great tool for internal communication. Sales force update, corporate info alerts are few ways our tools be used effectively.

Broadcast Information

News Update

Reminder Information

Events announcements

SMS Marketing

As wireless text messaging (SMS) has grown into a mainstream communication tool for consumers, reaching them via SMS marketing has become increasingly important strategy for businesses.

Whether between two people planning to meet up or a broadcast message to thousands of users, more and more customers are becoming converts every day, and savvy marketers realize text messaging is a great way to quickly communicate with their audience.

SMS Marketing for New Product Launch, Offers, News, Invitation, etc. are becoming extremely popular. .

Targeted SMS

Send SMS to your selected & targeted audience.

Various research companies are providing filtered & categorized data which saves us on cost of collecting Mobile No's database.

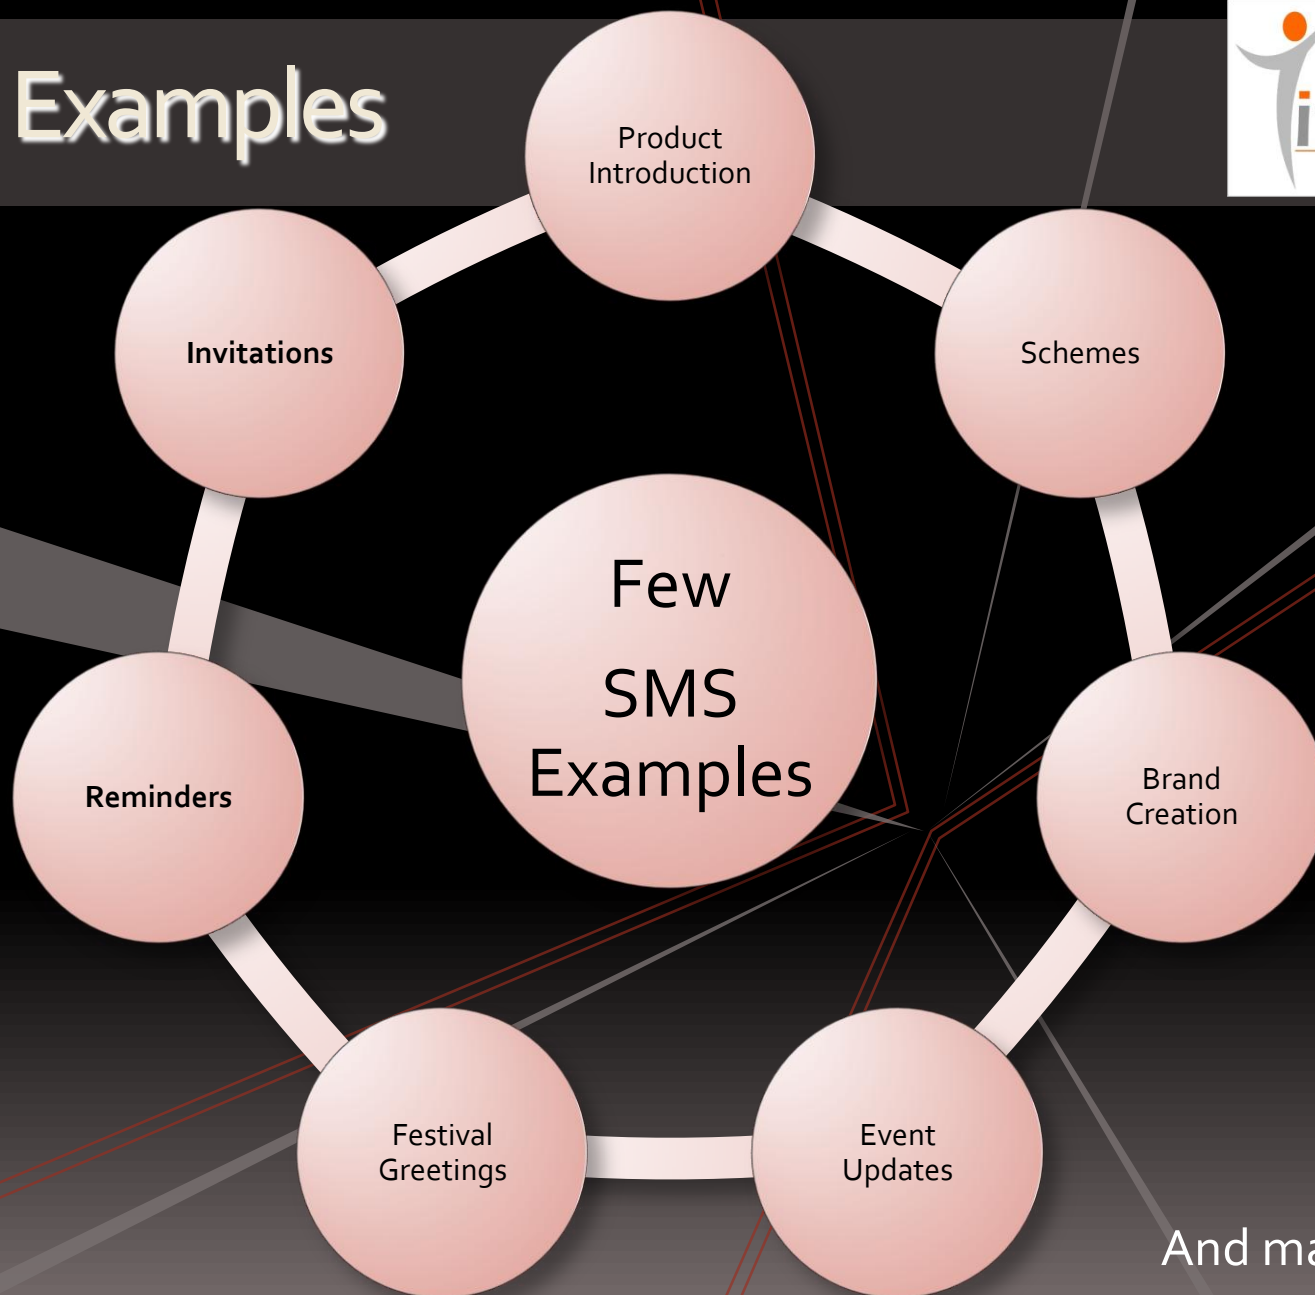

We can either target area wise, Post Paid / Pre Paid, Male / Female wise, Surname Wise, etc. Instead of sending SMS to all, filtering our data for right target audience & send will always SAVE COST of our clients.

We have tie-ups with few Data Research Companies & we also help you to get Mobile Database.
